EAS Detacher

- Adapts to most magnetic unlocking EAS tags.
- Unique appearance and easy operations.
- Minimalist design and embedded installation make the counter neat and beautiful.
- Strong and durable shell material protects the core magnetic material in all directions..

Introduction

Equipped with excellent unlocking performance, the Dahua EAS de-tacher can effectively unlock the EAS tags. Its small footprint supports the embedded installation, which is easy to operate and compatible with standard EAS tags.

Features

Adaptability

By a magnetic core with a magnetic induction strength greater than 4,500 GS, standard EAS magnetic labels can be unlocked.

Security

The rugged shell protects the magnetic material while isolating the magnetic field, preventing interference with electrical equipment or accidental inhalation of foreign matter.

Good Detection Effect

High detection rate and good anti-theft effect.

Scene

The detacher can be fixed on various EAS tags.
