

# IPMECD-0151-M1515

## Barrier Rod

### Series Overview

Constructed from highly durable aluminum alloy, the Barrier Rod features an advanced anti-rust coating on its surface. Additionally, it is equipped with an elastic anti-collision rubber strip at the bottom for added protection.

### Technical Specification

#### Basic

|                 |                          |
|-----------------|--------------------------|
| Color           | Mixed with red and white |
| Matched Product | DHI-IPMECD-105X series   |

#### General

|                       |                                                                       |
|-----------------------|-----------------------------------------------------------------------|
| Operating Temperature | −35 °C to +65 °C (−31 °F to +149 °F)                                  |
| Storage Temperature   | −35 °C to +65 °C (−31 °F to +149 °F)                                  |
| Operating Humidity    | 10%–90% (RH), non-condensing                                          |
| Storage Humidity      | 10%–90%, non-condensing                                               |
| Casing Material       | Metal (Aluminum)                                                      |
| Product Dimensions    | 3,000.0 mm × 100.0 mm × 45.0 mm (118.11" × 3.94" × 1.77") (L × W × H) |
| Packaging Dimensions  | 3,150.0 mm × 200.0 mm × 90.0 mm (124.02" × 7.87" × 3.54") (L × W × H) |
| Net Weight            | 6.4 kg (14.11 lb)                                                     |
| Gross Weight          | 8.0 kg (17.64 lb)                                                     |
| Installation          | It can be Installed on the boom gate.                                 |

### Ordering Information

| Type        | Model             | Description |
|-------------|-------------------|-------------|
| Barrier Rod | IPMECD-0151-M1515 | Barrier Rod |

- 3 m folding arm that can be used on either side of the boom gate. The main and sub parts are 1.5 m respectively.
- Made of aluminum alloy, and designed with an anti-rust case that was treated with electrostatic spray.
- Elastic anti-smashing rubber strip at the bottom.

### Dimensions (mm[inch])
