

# IPMECD-0153-LM35

## Barrier Rod

### Series Overview

Constructed from highly durable aluminum alloy, the Barrier Rod features an advanced anti-rust coating on its surface. Additionally, it is equipped with an elastic anti-collision rubber strip at the bottom for added protection.

### Technical Specification

#### Basic

|                 |                          |
|-----------------|--------------------------|
| Color           | Mixed with red and white |
| Matched Product | DHI-IPMECD-105X series   |

#### General

|                       |                                                                        |
|-----------------------|------------------------------------------------------------------------|
| Operating Temperature | −35 °C to +65 °C (−31 °F to +149 °F)                                   |
| Storage Temperature   | −35 °C to +65 °C (−31 °F to +149 °F)                                   |
| Operating Humidity    | 10%–90% (RH), non-condensing                                           |
| Storage Humidity      | 10%–90%, non-condensing                                                |
| Casing Material       | Metal (Aluminum)                                                       |
| Product Dimensions    | 3,500.0 mm × 500.0 mm × 45.0 mm (137.80" × 19.69" × 1.77") (L × W × H) |
| Packaging Dimensions  | 3,850.0 mm × 250.0 mm × 120.0 mm (151.57" × 9.84" × 4.72") (L × W × H) |
| Net Weight            | 10.1 kg (22.27 lb)                                                     |
| Gross Weight          | 10.5 kg (23.15 lb)                                                     |
| Installation          | It can be Installed on the boom gate.                                  |

### Ordering Information

| Type        | Model            | Description |
|-------------|------------------|-------------|
| Barrier Rod | IPMECD-0153-LM35 | Barrier Rod |

- 3.5 m fence arm that can be used on the left side of the boom gate.
- Made of aluminum alloy, and designed with an anti-rust case that was treated with electrostatic spray.
- Elastic anti-smashing rubber strip at the bottom.

### Dimensions (mm[inch])
