

Indoor Fixed-focal Wi-Fi Pan & Tilt Network Camera Decorated Accessory

DH-DAA-Red

Series Overview

The Indoor Fixed-Focal Wi-Fi Pan and Tilt Network Camera Decorated Accessory is meticulously crafted to complement its associated camera, ensuring seamless compatibility with the electronic head without hindering its normal movement or functionality. This unique and elegant accessory combines practicality with aesthetics, making it ideal for a variety of settings. Additionally, it is constructed from high-quality silicone, offering a soft touch complemented by exceptional dustproof and stain-resistant properties, ensuring lasting reliability and convenience.
